

Fort Myers Beach, Fl, July 5, 2009 – After a clear and warm night for the 4th of July the morning of the 5th of July did not disappoint with calm seas, friendly skies and the day after the big party litter on the beach. Although not as much litter as last year, only an estimated 200 pounds, many residents and visitors went for their morning walks with big and little bags in hand. Many Thanks to all who participated in the 5th of July Beach Clean Up and special thanks to the people who made it happen: Fort Myers Beach Pilot Club, Lee County Parks & Recreation, the Town of Fort Myers Beach, Keep Lee County Beautiful, Fort Myers Beach Yacht Club, The Outrigger Beach Resort, Veolia Environmental Services, and our friends, neighbors and visitors. The Beaches of Fort Myers Beach and San Carlos Bay - Bunche Beach Preserve are brighter places to visit because of you!

The Second ANNUAL 5th Of July Beach Clean Up was a success and every one who came and pitched in did an outstanding job of making our beaches beautiful and clean for visitors and wildlife. Please put the date on your calendar for next year.
