## **Superior Small Lodging: *Local accommodations qualify for prestigious designation***

**LEE COUNTY, FL** – Representatives of the Florida Superior Small Lodging Association (SSL) recently announced 23 Lee County hoteliers have successfully qualified for the distinguished SSL designation. The SSL certification is a statewide hospitality recognition program.

In addition, 10 of the 23 total SSL properties inspected by the Property Review Program (PRP) qualified to receive the coveted Donal A. Dermody White Glove Award for best practices in housekeeping. Properties must receive a score of 100 percent for all components of the housekeeping inspection to be eligible to receive the White Glove Award.

### **Superior Small Lodging Program**

Eligibility for participation in the Lee County SSL program is restricted to accommodations with 50 room units or less. Properties must hold a valid hotel, motel, inn or bed and breakfast license and pay all applicable state and local taxes related to the operations of an accommodation.

The SSL inspection program and designation is designed to provide travelers with an easily identifiable symbol to demonstrate that the accommodation is a “clean, safe and well managed small lodging establishment, offering friendly ambiance and personal service.” All property review inspections are conducted unannounced and can be repeated periodically and randomly to ensure that SSL program standards are being maintained.

The passing grade for participation in the program is 82 percent and is based on a comprehensive review process of six different property attributes:

1) registration/operations/public places, 2) guests accommodations, 3) bathrooms, 4) bathroom supplies, 5) kitchens, and 6) property exterior. These six categories are further delineated with
