TWO Lee County Emergency Medical services employees Attain credentials

Ft. Myers, Fla.- Lee County Emergency Medical Services added two credentialed field providers to its division through their successful completion of the agency's field training program. Recently credentialed employees are:

Keith Parsons, Paramedic, Cape Coral
John Rochelle, Paramedic, Fort Myers

Both of the newly credentialed employees are promotions from EMT to Paramedic. Each paramedic and EMT that Lee County hires or promotes is required to participate in a four week orientation and complete a field training program. Upon completion of the field training program, recruits are required to pass a test before an internal credentialing board which includes the EMS medical director.
