TWO Lee County Emergency Medical services employees Attain credentials

Ft. Myers, Fla.- Lee County Emergency Medical Services announced today that two field providers attained credentialed status through their successful completion of the agency's field training program.

Recently credentialed employees are:

Lenar Gabdrakhmanov, Emergency Medical Technician, Fort Myers, Fla.

Lige Jones, Paramedic, Punta Gorda, Fla.

Each paramedic and EMT that Lee County hires or promotes is required to participate in a four week orientation program and complete a field training program. Upon completion of the field training program, recruits are required to sit before an internal credentialing board which includes the EMS medical director.
